Pool **Better**™

IN-POOL FURNITURE

R SERIES

The R-Series™ Rotomolded Lounger Family lets you relax and enjoy the pool without a splash. The R-Series elegant yet sturdy design allows pool owners to easily drain the water and remove from the sun shelf when not in use.

DESTINATION SERIES™ ROCKING LOUNGE CHAIR

Our luxury inspired Destination Series Rocking Lounge Chair is the latest addition to S.R.Smith's RTM (Resin Transfer Molded) In-Pool Furniture line and is ideal for pools with smaller sunshelves. This model offers a slight rocking feature that allows for easier exit off the chair while in the pool, as well as a more upright sitting position that makes sun shelf socializing a bit easier.

COLOR OPTIONS

DiveAway™

Roll. Set. Splash! DiveAway is a on-demand diving board system that can be poolside when you need it and stored away when you don't. DiveAway is built for pool owners that want the fun that comes with a diving board when the kids or grandkids are around but prefers a simpler aesthetic when its just the adults. With DiveAway you get both fun and flexibility all in one!

includes wheels to remove from pool deck when not in use

*Built for persons up to 150 lbs.

POOL LIGHTING

Mod-Lite® is an LED light that blends modular design with wireless power to deliver unmatched flexibility, convenience, safety and savings. SR.Smith's advanced PowerPass® wireless technology allows power to flow directly to the wireless LED lamp module, without a physical connection to power; making installation faster, safer and more efficient. Replacing a pool light has never been so easy.

NEW!
3 WHITES IN 1 LIGHT

Mod-Lite MultiWhite offers 3 distinct shades of white in 1 SKU

NEW!

kēlo® XL

Our new kēloXL light is the perfect fit for large 10" light replacements. LED technology powers performance and efficiency; a low profile design improves aesthetics, smooths light distribution and can be retrofitted to most existing niches. Additionally, our polymeric construction and ultrasonically welded housing means no leaking and no bonding!

* Not compatible with poolLUX Premier

(2) TRANSFORMERS IN (1) SKU = MAXIMUM FLEXIBILITY

Our poolLUX® Plus2 with wireless control powers 2 zones of lighting that can be operated independently or in unison.

ACCESS

NEW!

MultiLift2

The MultiLift2 with its field reversible seating design brings increased performance and flexibility to our best selling flange mount series.

- 81% improvement in Deck to Water Level capacity (8" to 14.5")
- 38% increase in Minimum Setback Clearance (3.25" to 4.5")
- 240% increase in the Maximum Setback Clearance (1.25" to 4.25")

These improvements make the ML2 our most flexible flange mount lift ever.

THERMAL POOL COVER AUTO ROLLERS

For facilities where deck space is constrained our new Wall Mounted Roller fits the bill. Mounted up and out of the way this new roller enables the use of our energy saving thermal pool covers without losing deck space. And since the roller is automated, removing and deploying the cover is easy via our wireless remote control.

Additional automated options will also be available in an underbench design and a hidden in-deck design.

STARK BULKHEADS

Stark Bulkheads, now part of the S.R.Smith commercial portfolio, has been the durability leader for decades in the manufacturing of monolithic composite bulkheads. The Stark air chamber system makes moving a bulkhead fast, easy and simple.

Highly customizable, these bulkheads are the perfect fit for any facility looking to maximize its programming and competition layouts.
