MORE ACCESSIBLE POOLS

Access to aquatic environments is vitally important for both mobility challenged individuals and seniors. A pool provides the optimal setting for low impact exercise or therapy. As our society ages the mobility challenged population increases, as does the need for safe and accessible pools. Our line of powered lifts can help make pools more accessible starting today.

POOLLIFTS.COM

ADA Pool Accessibility requirements became law on September 15, 2010. This new legislation requires commercial swimming pools to provide means of access for their pools on or before March 15, 2012. Poollifts.com is an informational website dedicated to helping the swimming pool industry meet the new ADA Pool Accessibility requirements.

NEW! POOL LIFT CONFIGURATOR

Which pool lift is right for you? Pools vary greatly, so provide us with some basic information about your pool, and let us suggest the best lift for your application. Visit www.poollifts.com to try it today!

NEW! ONLINE ACCESS ACADEMY

Starting March 15, 2011, over 100,000 commercial swimming pools will be required to make their pools accessible to people with disabilities. Learn more about ADA swimming pool compliance and become a certified Swimming Pool Accessibility Specialist through the S.R.Smith FREE, online, on-demand Access Academy.

chairs

Mobile Aquatic Chair (MAC) NEW

Mobile Aquatic Chairs (MAC) are essential for facilities utilizing a ramp, zero-depth entry or movable floor. The MAC is built specifically for use in aquatic environments and with proper maintenance, will look great for years to come.

- Rear stabilizing wheels provide increased stability when the chair is in the water
- Arm rests flip up—enabling easy transfer on and off the chair
- 300 lb/136 kg weight capacity
- Powder coated stainless steel frame—looks beautiful and resists corrosion
- 18 inch/46 cm rotomolded plastic seat—rigid platform provides transfer support

aXs

The aXs is a perfect low profile lift for simple pool designs.

- 3rd party tested and verified ADA compliant
- 300 lb/136 kg lifting capacity
- Easily removable from stainless steel deck anchor
- Powered by a 24-volt rechargeable battery
- User operable via a waterproof hand control
- 360° rotation
- Powder coated stainless steel and aluminum construction
- Includes battery, charger, battery console cover, waterproof control, stainless steel anchor socket with cover, footrest and seat belt assembly

PAL Series

Since its introduction in 1997, the PAL (Portable Aquatic Lift) has become the industry standard for portable swimming pool access. The completely portable PAL is the perfect accessory for any commercial aquatic facility.

- 3rd party verified ADA compliant
- 300 lb/136 kg lifting capacity
- Completely portable—easy to move by one person
- Conveniently stores away when not in use
- Powered by a 24-volt rechargeable battery
- User operable via waterproof hand control
- 240° rotation
- Powder coated stainless steel and aluminum construction
- Comes with battery, charger, battery console cover, waterproof control, footrest and seatbelt assembly

Also available:

- **PAL Hi/Lo**—A variation of the PAL useful for facilities that have both in-ground pools and above ground spas.
- **PAL Spa**—Designed for above ground pools and spas up to 48 in/122 cm above the pool deck.

multiLift

multiLIFT™ is an adaptive pool lift platform that gives customers the flexibility to have either a fixed or removable lift in a single integrated design.

- 3rd party tested and verified ADA compliant
- Flange mounting
- Right seat mounting (facing pool), field convertible to left
- LiftOperator™ intelligent control system
- Wheel-A-Way mobility option

Splash! Series

This removable lifting system is designed for facilities seeking to provide user-friendly access to their swimming pools.

- 3rd party verified ADA compliant
- 400 lb/181.5 kg lifting capacity*
- Easily removable from stainless steel deck anchor
- Powered by a 24-volt rechargeable battery
- User operable via a waterproof hand control
- 359° rotation
- Powder coated stainless steel and aluminum construction
- Includes battery, charger, battery console cover, waterproof control, stainless steel anchor socket with cover, footrest and seat belt assembly

*Lifting capacity of the Extended Reach model is 300 lb/136 kg

Also available:

- **Splash! Hi/Lo**—A variation of the Splash! useful for facilities that have both in-ground pools and above ground spas.
- **Splash! Spa**—Designed for use with spas up to 48 in/122 cm above the deck.
- **Splash! Extended Reach**—For use with pools with unusual gutter configurations that require a longer reach to the water line.

accessories

Arm Rests

Optional, flip-up armrests are available for all lifts. This accessory item can be retrofitted to a lift. The armrests are available in white, for PAL and Splash! models, and in gray, for the aXs.

Stability Vest

The Stability Vest was designed to assist individuals with limited or no independent upper body or trunk stability. The vest holds the user to the chair, strapping them in for support.

Seat Pad

White, waterproof seat pad designed to enhance comfort and minimize friction

Custom Covers for aXs, PAL, and Splash! Models

Protect your investment with a full, all-weather cover. Available for PAL, Splash!, and aXs models.

Spine Board Attachment

The Spine Board Attachment works with any standard spine board (not included). Simply remove the chair assembly by pulling the attachment pin and replace that assembly with the Spine Board Attachment.

Battery & Charger

All pool lifts are powered by a 24 volt, rechargeable battery. This battery should be left on the charger when not in use. Works with aXs, PAL, Splash! and multiLift lifts.

New batteries are ONLY compatible on pool lift units with the LiftOperator Intelligent Control. Please visit our website for details.

Battery Console Covers

Protective cover for battery console only.

Pool Lift Available Sign

This 9" x 12" metal sign can be posted at your facility to let guests know about your pool lift.

Caddies for Splash! or aXs

Caddies facilitate handling, transporting and storing a Splash! or aXs lift. Made from powder coated steel for surface protection. Caddies simplify insertion and removal of the connector shaft into the pool deck and doubles as a convenient storage rack for the lift when not in use.

LiftOperator

The most technologically advanced pool lift control on the market. With an emergency stop button that can stop the lift mid-cycle and an audible safety alert that can bring a stranded user to the attention of your facility personnel, the LiftOperator ensures user safety. The control's internal memory stores information about pool lift usage that can be pulled onto a standard USB drive, and uploaded onto your computer for analysis. The optional Activation Key prevents unauthorized use—ideal for unattended pool environments.
