

WETDEK

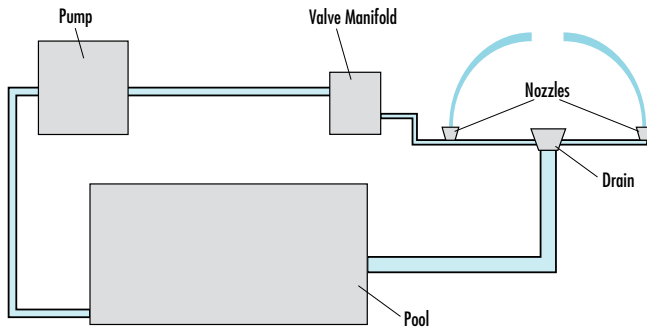

wetDek Backyard Splash Pads

The WetDek backyard splash pad is a great complement for existing pools, a unique add-on for new pool construction, or can be sold as a stand-alone, play-in water feature.

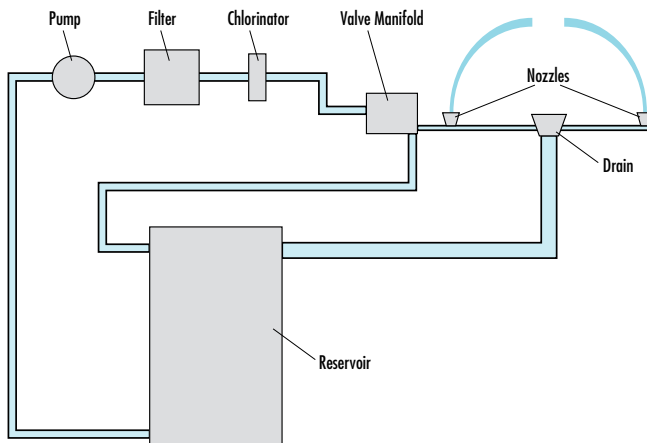

- Zero-depth splash pad available in 6, 9, or 12 jet kits
- Available as a stand-alone or pool connected kit
- Proprietary 4-channel programmable controller
- Customizable water play configurations

POOL KIT PLUMBING OUTLINE

Pool Kit includes jets, valves, drain and pre-programmed controller. Everything you need excluding piping runs and surfacing material.

STAND-ALONE PLUMBING OUTLINE

Stand-alone version includes jets, drain, water reservoir, inline chlorinator, filter, valves, pump, and pre-programmed controller. Everything you need excluding piping runs and surfacing material.
