

# Fiber to LED Conversion Kits

Convert existing fiber optic illuminators and fiber optic spot lighting to energy efficient LED lighting with the PT 6000 Fiber to LED Conversion kit. The PT 6000 Lighting Kit includes a PT-6000 power center, a base, and 1, 2, or 3 S.R.Smith LED Pool Lights. All kits come with (6) colors (white, blue, green, red, amber, and magenta) or (2) color-changing modes (slow color change mode and party mode). The PT-6000 Lighting Kit allows for (2) groups of lights to be independently controlled via a manual on/off switch, as well as, a wireless remote control.

- Wireless remote control with one-touch color sync for S.R.Smith LED lighting products
- Terminal block connections – No need for wire nuts
- Corrosion-resistant polycarbonate enclosure rated NEMA 3R
- Built-in low voltage internal transformers: 120VAC to 12VAC
- 60 Watt system (2 independent 30 Watt circuits)
- Fits 2000 and 6000 series illuminator bases
- ETL Listed – Conforms to UL 379 and certified to CSA C22.2#218.1

| Model No.                                    | Description  |
|--|--|
| PT-6000                                      | (1) PT-6000 Power Center with Wireless Remote                                  |
