

STARTING BLOCK AND RACING PARTS & ACCESSORIES

Deck Hole

The stainless steel deck hole accommodates backstroke or false start poles.

- 316L stainless steel
- Wide top flange to cover core hole
- 38mm and 48mm sizes available
- Centre insert to prevent toe entrapment

Backstroke and False Start Poles

Poles slip in to a pool deck hole, and can be removed when not in use.

- 316L stainless steel
- 38mm and 48mm sizes available
- Includes welded loop and quick release T-cleat

Track Start Adaptor

Provides a fixed track start option for existing platforms, with a simple bolt on installation.

- Durable, strong reinforced fiberglass
- Includes non-slip TrueTread surface
- 316L stainless steel hardware included
