

VELOCITY ADVANTAGE

Velocity Advantage starting blocks feature strong fiberglass platforms with track start wedge on an HDPE composite base, particularly suitable for bulkheads and endwall.

- The marine grade HDPE composite base easily mounts to pool decks or bulkheads with minimal drilling
- No earthing required. 41cm height makes it well suited for bulkheads and end walls
- The 71cm x 81cm footboard surface is covered with non-slip TrueTread™
- Track start wedge, adjustable to 5 positions, easily tucks under the footboard
- Patent pending integral backstroke start ledge is adjustable to five positions in accordance with FINA standards
- Includes backstroke device - three built in backstroke handholds – two center positions and one on each side
- Colorado & Daktronics timing system compatible
- Meets FINA competition pool rules and regulations
