## THERMAL POOL COVER TYPES & DETAILS

**Standard Pool Cover:** Consists of 12x10 blue-black fabric-foam laminate with weighted outdoor edging, lockstitch seams, three reinforced grommets per end, heavy-duty cord-dowel pullers, and four warning signs per cover.

**XER Pool Cover:** Consists of the same material and features as the Standard Pool Cover, but includes additional features for greater abrasion resistance and strength, stronger seam configurations, and extra-reinforced ends.

**Spa Cover:** Consists of blue-black fabric-foam laminate with black outdoor edging, reinforced grommets, heavy-duty cord-dowel pullers, and lockstitch seams.
