

## **Test Report Summary of SR SMITH Pool Lift Model No. 202-0000**

**To:** SR Smith LLC

**Attention:** Mr. Bill Svendsen

**Address:** 1017 SW Berg Parkway  
P.O. Box 400  
Canby, OR 97013

**Email:** BSvendsen@srsmith.com

**Reference No.:** MEIC-7751007-SRS

**Date:** August 20, 2012

**Subject: Summary Report of Swimming Pool Lift Tests per ADA 1009.2, for SR Smith Model No. 202-0000, Pal 2 Aquatic Lift.**

This summary contains the limited results of the detailed report that was prepared as an outcome of the testing performed on a sample of swimming pool lift identified as **SR Smith Model No. 202-0000, PAL 2 Aquatic Lift**, which was tested according to the American's with Disabilities Act (ADA) standard 1009.2. All the tests were performed under simulated pool environment and on site at SR Smith, LLC facility, located in Canby, Oregon.

### **Scope of the Testing (Work)**

The testing was conducted under simulated pool environment to ascertain that the pool lift (tested in as-mounted condition by SR Smith) complied with ADA Standard 1009.2.

### **Mounting Apparatus**

The pool lift has a portable platform and it was pushed to the edge of a cement entrance to simulate a typical pool deck as shown set up by SR Smith.

### **Tests Conducted and Measurements Made**

A test protocol to include all the measurements and tests as detailed in the standard was prepared and tests were performed by strictly following the standard protocol and by using calibrated instruments. All the measurements (where applicable) were performed by using the deck to mimic the pool, and the lifts mounted on it.

Section 1009.2.1 – Scope of the test: Pool Lift Location (not conducted)

Section 1009.2.2 - Scope of Test: Seat Location.

Section 1009.2.3 - Scope of Test: Clear Deck Space.

Section 1009.2.4 - Scope of Test: Seat Height.

Section 1009.2.5 - Scope of Test: Seat Width.

Section 1009.2.6 - Scope of test: Footrests and Armrests.

Section 1009.2.7 - Scope of Test: Operation.

Section 1009.2.8 - Scope of Test: Submerged Depth

Section 1009.2.9 - Scope of Test: Lifting Capacity

**Table 1: Test Results Data of Swimming Pool Lift Tests per ADA 1009.2, for SR Smith Model No. 202-0000, PAL 2 Aquatic Lift**

ADA Req.	Test Details	Observation	Req.	Pass	Fail
1009.2.1	Pool Depth at Installation Location	***	≤48 inches		
1009.2.2	Edge of Pool to Centerline of Seat Distance when Raised	22.5 inches	≥16 in	X	
1009.2.2	Deck Slope-Edge of Pool to Centerline	***	≤1:48		
1009.2.3	Clear Deck Space Width	-	≥36 inches	X	
1009.2.3	Clear Deck Space Length from 12 in Behind Rear of Seat	-	≥48 inches	X	
1009.2.3	Deck Slope-Clear Deck Space	***	≤1:48		
1009.2.4	Seat Height from Deck to Top of Seat Surface when Raised	23 inches maximum	16-19 inches	X	
1009.2.5	Seat Width	18 ½ inches	≥16 inches	X	
1009.2.6	Footrests Provided (y/n)	Yes	Yes	X	
1009.2.6	Footrests Move with Seat (y/n)	Yes	Yes	X	
1009.2.6	Armrests Provided (y/n)	No	NR		
1009.2.6	Armrest on Side Opposite Water Removable (y/n)	-	Yes*		
1009.2.6	Armrest on Side Opposite Water Folds Clear of the Seat (y/n)	-	Yes*		
1009.2.7	Pool Lift Operable from Deck Level (y/n)	Yes	Yes	X	
1009.2.7	Pool Lift Operable from Water Level (y/n)	Yes	Yes	X	
1009.2.7	Controls and Operating Mechanism Unobstructed When Lift is in Use (y/n)	Yes	Yes	X	
309.4	Operable Parts Operable with One Hand (y/n)	Yes	Yes	X	
309.4	Tight Grasping Required (y/n)	No	No	X	
309.4	Pinching Required (y/n)	No	No	X	
309.4	Twisting of the Wrist Required (y/n)	No	No	X	
309.4	Force Required to Activate Button Less than 5 lbs (y/n)	0.70lb   0.75lb 1.20lb   1.20lb	≤5lb	X	
1009.2.8	Depth of Seat Submersion	18 inches	≥18 in	X	
1009.2.8	Depth of Seat From Deck	24 inches	≥18 in	X	
1009.2.8	Edge of Deck to Centerline of Seat Distance when Lowered	***	NR		
1009.2.9	Lift Sustains Static Loading of 450 lbs (1.5 x Rating) (y/n)	450 lbs	Yes	X	

\*NR – Not Required
